## CONCEPT GT

Линейка керамической плитки CONCEPT GT появилась на пересечении трёх основных идей: капсульность, как возможность сочетать любые элементы коллекций друг с другом, трендовые цвета и актуальные интерьерные стили.

Плитку CONCEPT GT можно условно разделить на 4 коллекции:

- ◆ City colors – это идеально белый, оттеночный бежевый, пыльный розовый, насыщенный терракотовый, акцентный зелёный и модный синий.
- ◆ Neocassica – классический мрамор калакатта в сочетании со строгими, но современными декорами.
- ◆ Amazonia – городские джунгли в зелёном, сером и даже синем оттенках.
- ◆ City loft – пульс современного мегаполиса: дерево и бетон, в сочетании с модной геометрией.

Мы уверены, что в 55 элементах линейки CONCEPT GT каждый найдёт то, что ему по душе. Создайте свой неповторимый интерьер, который будет радовать Вас долгие годы!
